New Custom Components are available now:

- SCD Search for User Selection
- Live Announcement Viewer

New Terms of Use Components is being tested. Expect regular popover screens until the development is finalized.

Terms of Use

Terms & Conditions v1.0

Terms of Use

- The application is approved for content up to ACP Level 2; this implies that no strictly confidential information must be processed on the application
- Only Siemens owned devices must be used to access the application
- Access from as well as data transfer to embargo countries is prohibited
- Any further local export control guidelines must be followed
- No technology, technical data, or software that is controlled under a Canadian export Control List number (ECL) can be uploaded, transferred, or stored. Also, no data that is subject to the Controlled Good Program can be uploaded on this platform. Contact your EX Business Partner for questions.

Conditions d'utilisation du centre régional d'approvisionnement

- L'application est approuvée pour le contenu jusqu'au niveau 2 de la CPA. Cela signifie qu'aucune information strictement confidentielle ne doit être traitée sur l'application.
